Telephonic Interview Summary and Amendment dated 01 May 2007

Reply to Telephonic Interview dated 19 April 2007

Regarding the terms “first passkey” and “second passkey” to which the Examiner has objected in claims **1, 11, 13, 20** and **22**, Applicant respectfully submits that the scope of the presently amended version of claims **1, 11, 13, 20** and **22** subsumes the scope of these claims as originally worded.

Claims **20** and **22** have been amended to replace “a second client” and “said second client” with --at least one second client-- and --said at least one second client--, respectively, so as to be consistent with the other claims, thereby precluding a potential later interpretation that “a second client” might be different from “at least one second client” when used in the claims. Accordingly, Applicant respectfully submits that the scope of the presently amended version of claims **20** and **22** subsumes the scope of these claims as originally worded.

Applicant respectfully submits that no new matter has been added by this amendment.

**Summary and Conclusions**

Claims **1, 11, 13, 20** and **22** have been amended to overcome an objection by the Examiner. Claims **2, 8, 9, 11-13, 20, 22, 24, 25, 30, 33-37, 39** and **41-43** have also been amended to correct various minor errors in antecedent basis or grammar, or to provide for a consistent use of language amongst the claims. Applicant respectfully request allowance of the instant application as presently amended, in view of the above remarks.

Respectfully Submitted,
